We Can Help!

BILLING ISSUES?

- SITEX offers easy, balanced billing with our Total Protection and Inventory Maintenance Programs that prevent invoice spikes related to loss, damage, emblem/start up, and buyback charges.
- SITEX invoices are easy to read and understand.

SHORTAGES & MISSED DELIVERIES?

- SITEX has a state-of-the-art tracking system, SITRAX, that ensures complete deliveries.
- Our Smart Service Mobile App allows real-time access to deliveries and the ability to contact us directly for any service need.

MISSED REPAIRS & UPGRADES?

- Track repairs and upgrades with our Smart Service Mobile App.
- SITEX offers a revolutionary Continuous Replacement (CR) Program.

TROUBLE GETTING A RESPONSE?

- Each delivery, SITEX Service Reps will review every aspect of your service.
- SITEX Customer Care, Management, and Ownership are available 24/7.
- Easy setup of a customized service portal allows complete control of your account – Access to everything from invoices and statements to pending deliveries.

Animals have their stripes, spots, feathers and colors that separate them from other breeds. That's the way it is with a "uniform"... it's an integral part of an image program that tells who and what you are.

SITEX, your single source for renting, leasing or purchasing uniforms, linens, custom apparel, mats and mops that project an immediate, professional image that instills trust and promotes your business.

SITEX SINCE 1961 The Image Makers

Our mission...

Have fun providing outstanding image programs.

We are guided by:

INTEGRITY
...doing the right thing.

MOTIVATION
...to continuously improve.

ACCOUNTABILITY
...to our customers and ourselves.

GROWTH
...professionally and personally.

EXCELLENCE
...in everything we do.

SITEX SINCE 1961 The Image Makers is a family-owned and operated business founded in Henderson, Kentucky on January 1, 1961. From that day forward, our company has strived to be the very best – not necessarily the biggest provider of uniform and linen services, mats, mops, custom apparel, promotional items, screen printing, embroidery, and restroom & hygiene services.

Our goal is, and has always been, complete customer satisfaction. We know that this can only be achieved by providing you both quality products and customer service of the highest standards – and we are committed to that. Every order. Every time.

We sincerely thank you for your business and for allowing us to be a partner to you and your company.

SITEX Safety Apparel Processing

SITEX partners with our laundry chemistry and uniform suppliers, to ensure that all FR and light reflective textile manufacturer recommendations and specifications are followed.

- NFPA 2113 2007: Standard on Selection, Care, Use, and Maintenance of Flame Resistant Garments
- ASTM F1494 08 Standard Guide for Industrial Laundering of Flame, Thermal, and Arc Resistant Clothing,
- TRSA's Textile Laundering Technology

Some of the criteria used for developing proper textile laundering procedures are:

- Wash Machine Type and Volume (Load factors, Mechanical action, cycle times)
- Product Classifications and Material Construction
- Soil types and soil levels
- Sorting
- Wash Chemistry (water temperature, water hardness, detergency, alkalinity, and time)
- Finishing Process (method, moisture retention, time, and temperature)
- Any Special Instructions (ex. "Do not bleach" or "Dry Clean Only")

SITEX garment tests include the vertical method of measuring the flame resistance of fabric as established by ASTM D6413
SITEX only purchases garments that have been manufactured to meet ASTM F2302 Standard
SITEX only purchases garments that are approved by ANSI / SEA 107-2004: American National Standard for High-visibility
The industrial washing process removes soil and other potentially flammable contaminants from FR and light reflective taped textiles.

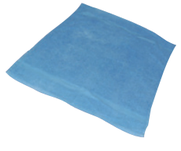
PRODUCT USAGE GUIDELINES

Help us keep your towels in good shape by following these guidelines...



650
TOWEL CLEANING
Our cleaning towel is perfect for heavy soil. It loves grease and grime and can withstand what you give it! Very absorbent, utility grade, and designed to handle the tough stuff. No scorching heat please!

652
TOWEL GRILL PAD
Our grill pad can take the heat! Use it where heat, grease, and grime are present. Layered to protect your hands and handle the heat, this towel is great for cleaning grills, pots, pans, and other high heat, heavy soil applications.

700
TOWEL INDUSTRIAL MICRO
Our industrial towel is virtually lint less and can be used where polishing and detail work is done – great for Automotive Make Ready and metal / glass polishing.

SITEX SINCE 1961 The Image Makers

Product Guide - All Purpose Kitchen Towel

This patent-pending towel is designed with high performance fibers to **increase absorbency** and **wiping efficacy** with **rapid-rate moisture wicking capabilities**.

It has demonstrated superior wiping quality on all hard surfaces and table-tops, kitchen appliances, bar and stem-ware, and stainless steel.

Its **best-in-class quality** has been proven to significantly reduce linting compared to the standard bar towel.

An even brighter, whiter, and softer to touch feel makes this towel **easier to use** while also providing a **cleaner environment**.

A standard bar towel shrinkage is 13% after 10 washes. **SITEX towel shrinkage is 3% after 10 washes**.

Towel specs:

- Size 14.25" x 16.5"
- Weight 5.6 oz/sqyd
- 100% Made in USA
- SKU #705

A New Best-in-Class All Purpose Kitchen Towel

Verified benefits of the SITEX all purpose kitchen towel:

- Stronger than standard cotton bar towel
- **Increased absorbency**
- Increased wicking performance
- **Reduced linting**
- True multi-purpose applications
- **Retains a whiter appearance than cotton and microfiber**

A truly green product:

- Raw materials derived from renewable resources
- 75% reduction in landfill waste
